PROFILE OF DIRECTORS

Mr. AHM Mozammel Hoque, Chairman

Mr. AHM Mozammel Hoque is the Chairman of Hamid Fabrics Limited (HFL). He completed his Bachelors of Commerce degree from Jagannath College in 1960. He has been actively involved in the textile sector for more than 21 years. Prior to joining HFL, he was the Deputy Chief Accountant in Bangladesh Jute Mill Corporation (BJMC) for 26 years. After that he entered the RMG business in 1993. Apart from being a founder director of HFL, Mr. Hoque is also founder Director of Hamid Weaving Mills Limited, Tazrian Weaving Mills Limited and Crystal Insurance Company Limited.

Mr. Abdullah Al Mahmud, Managing Director

Mr. Abdullah Al Mahmud is the Managing Director of Hamid Fabrics Limited (HFL). He is one of the well-known business personalities in Bangladesh. As an enthusiastic and dynamic young entrepreneur he has been involved in the RMG and Textile sector for last 28 years. He is the founder and majority share-holder of Hamid Fabrics Limited, which is a concern of Mahin Group.

The Group has experienced a rapid yet steady growth under his leadership and vision. Upon completion of his graduation from the USA in 1992, Mr. Mahmud returned to Bangladesh and set up his own business. In the following year, he founded and established an RMG unit called Mahin Apparels Limited, which specialized in making bottoms. During that time, he acknowledged the need for backward linkage in the industry. He eventually set up Hamid Fabrics Limited with its Weaving Unit at Shilmandi, Narsingdi in 1996 and subsequently the Dyeing and Finishing unit in 2003.

Mr. Mahmud is on the Board of a few other companies. He is the Chairman of Crystal Insurance Company Limited, Hamid Weaving Mills Limited, Tazrian Weaving Mills Limited and Hamid Spinning Mills Limited, which is the latest addition to Mahin Group.

He was elected as a Director of BGMEA (Bangladesh Garment Manufacturers & Exporters Association) for the year of 2013-14. He took part in many business dialogues as delegate member representing Bangladesh, and is also involved in many business forums and social causes. He held CIP and highest tax payer statuses as recognition to his direct contribution to the Country's economy. He was a member of the Executive Committee of Bangladesh Association of Publicly Listed Companies (BAPLC). He is a Vice President on the Board of Bangladesh Textile Mills Association (BTMA) at present.

Mrs. Salina Mahmud, Director

Mrs. Salina Mahmud is a shareholder Director of Hamid Fabrics Limited. She graduated from Eden College. After graduation she involved herself in various social activities in Dhaka. Her enduring inspiration and support nurtured the growth of Mahin Group from its inception in 1993 to date.

Ms. Nusrat Mahmud, Director

Ms. Nusrat Mahmud is a Director of Hamid Fabrics Limited. She joined the management team of the RMG and Textile division of the Group in 2010. She has successfully completed Bachelors of Science in Marketing from Bentley University in Waltham, Massachusetts, USA in 2008 and completed her Masters in Management from Cass Business School, City University in London in 2009. Ms. Mahmud is a dynamic and avid learner and is

expected to further enhance and build on the “Hamid” brand. She is founder Director of Hamid Weaving Mills Limited, Tazrian Weaving Mills Limited and Hamid Spinning Mills Ltd. She is also a director of Crystal Insurance Company Limited.

Ms. Nabila Mahmud, Director

Ms. Nabila Mahmud is a director of Hamid Fabrics Limited and joined the management team in 2016. She has successfully completed her Bachelors of Science in Global Business and Management from Suffolk University in Boston, Massachusetts, USA in 2014. In addition, Ms. Mahmud completed her Masters in Corporate and Organizational Communications with a concentration on Human Resource Management from Northeastern University, USA in 2016. After that she has engaged herself in the development of business of the Group. She is founder Director of Hamid Weaving Mills Limited, Tazrian Weaving Mills Limited and Hamid Spinning Mills Ltd. She is also a director of Crystal Insurance Company Limited.

Mrs. Farhana Danesh, Director

Mrs. Farhana Danesh is a Director of Hamid Fabrics Limited. She is also a Director of Crystal Insurance Company Limited. As a proprietor of Crystal Packaging, she has had exposure in different business areas of the RMG sector for the past 20 years.

Dr. M. Waliuzzaman, Independent Director

Dr. M. Waliuzzaman has got more than four decades of governance experience, which includes working experiences from Commerce & Industries Ministry, Pakistan; Industrial Development Bank of Pakistan, subsequently Bangladesh Shilpo Bank, now BDBL; East Pakistan Industrial Development Corporation; Bangladesh Petroleum Corporation; Bangladesh Council of Scientific and Industrial Research (BCSIR); Public Administration Reforms Commission (PARC), GoB and visiting Teacher, BUET. He is a Ph.D. from the University of Manchester, UK.

Mr. Reazul Islam, Independent Director

Mr. Reazul Islam has more than two decades of work experience, including management-level experience as the Deputy Managing Director of AB Bank Limited, in addition to having worked for Southeast Bank Limited and Premier Bank Limited as AVP and Head of IT & Card Division, respectively. He held the position of chief executive officer (CEO) at Software Shop Limited (SSL). Mr. Islam additionally served as the Chief Technology Officer for IT Consultants Limited (QCash). His initial corporate consultancy roles included Chief Architect for the Credit Bureau Database for MFI's World Bank Project and Local Consultant for Clap & Mayne (USA) for the Customs Administration & Modernization Project (CAM) of the GoB. Mr. Islam is currently the Director of Strategy and Planning for Thakral Information Systems Limited.

Being a tech savvy professional, Mr. Islam is career motivated and technically passionate individual with compact experience in devising strategic business roadmap, producing prioritized time phased tactical initiatives in alignment with global IT strategy.

Mr. Reazul Islam is a B.Sc. in Computer Science and Accounting from Southeastern Oklahoma State University, USA. He has also got Certification in International Business from American Graduate school of International Management (Thunderbird), Arizona, USA. He is an OCP (Oracle Certified Professional), OECP (Oracle Education Certified Professional) and TOGAF9 Certified person.

CHAIRMAN'S REPORT

Dear Shareholders,

On behalf of the Board of Directors, I welcome you all to the 28th Annual General Meeting of your Company. It is indeed an honor and pleasure for me to place before you the Annual Report including the audited Financial Statements, Auditors' report, Directors' report and other reports thereon for the year ended June 30, 2022.

The Company has passed the year with the impact of COVID-19 easing gradually. As a result, the overall business in the country particularly the textile sector could regain its business to a large extent in terms of buyers' orders and delivery, which contributed to the turnover, profitability and net cash generation from business operation positively of your company during the year.

In the year 2021-22, total revenue earned is Tk 2,510.5 million compared to Tk 1,251.1 million during 2020-21. Net profit for the year stands at Tk 60.9 million against loss in the last year Tk 160.3 million. Revenue has increased significantly in this year for easing impact of COVID-19 pandemic. As a result, profitability during this year has enhanced accordingly that has affected EPS, NAV and NOCFPS positively. The prior year's revenue was less in volume due to severe impact of COVID-19.

This year the Board of Directors has recommended cash dividend @5% for the General Shareholders only to be conservative about the forecast made by different local and international think tanks about the coming year.

I would like to express my sincere thanks to the respected Shareholders for their confidence rested upon the Company. We are grateful to Bangladesh Securities and Exchange Commission, Dhaka Stock Exchange Limited, Chittagong Stock Exchange PLC, Registrar of Joint Stock Companies & Firms, Central Depository Bangladesh Limited, Banks and Financial Institutions, Investment Corporation of Bangladesh, ICB Capital Management Limited and other stakeholders for their continuous support and patronage extended to the Company. We are optimistic about getting the same support from all the stakeholders in the coming years. I also express my appreciation to all the employees of the Company for their sincere and dedicated services to the progress of the Company.

In conclusion, I request the Shareholders to consider and approve the annual Financial Statements, Auditors' report, Directors' report, etc. for the year 2021-22.

Thank you very much !

Sd/-

AHM Mozammel Hoque
Chairman of the Board

DIRECTORS' REPORT

Dear Shareholders,

On behalf of the Board of Directors, I would like to submit herewith the 28th Annual Report of the Company together with the audited Financial Statements for the year ended June 30, 2022 and the Auditors' Report thereon.

Prime Activities

Hamid Fabrics Limited (HFL) is one of the leading manufacturers of high-quality textiles in Bangladesh. Because of superior quality, HFL's products are nominated by globally renowned buyers such as GAP, Zara, Marks & Spencer, Tommy Hilfiger, H&M for sourcing textile to RMG manufacturers in Bangladesh.

The product range offers 100% cotton fabrics as well as blended fabrics such as cotton/polyester, cotton/viscose, nylon/cotton and cotton/lycra. The weaving unit produces gray fabrics in various design and constructions such as Twill, Canvas, Oxford, Rib stop, Rib cord, Ottoman, Herringbone, and various dobby designs with weight range of 100-450 GSM. The finishing mix of Hamid Fabrics Limited comprises water repellent, fire proof, wrinkle free, teflon coating, aero finish and chintz finish etc. The major markets for HFL's products are the United States of America and the European Union.

Dividend

The Board of Directors of the Company is pleased to recommend dividend @5% cash for general shareholders only for the year 2021-22 i.e., for the Shareholders other than Sponsors and Directors.

Additional statements by the Board of Directors as per notification dated 3 June 2018 of Bangladesh Securities and Exchange Commission

(i) Industry outlook and possible future developments in the industry

The textile sector of the Country is passing a critical time now. Stiff competition with peers in the Country as well as with other countries in this region, the sector shows a good trend of export for some time. Recently, Russia-Ukraine war has hit the globe not in terms of food and power supply only but also in financial and non-financial matters including the textile sector in our Country.

The government is providing fiscal and other incentives for the RMG sector to stay competitive in the changing global business arena. The entrepreneurs along with their association, BGMEA are devising ways and means that include more involvement in research and development activities, product diversification and value addition. Good news is that demand of readymade garments is increasing globally, though there is a move of consumption pattern that needs to be adapted swiftly.

(ii) Segment/Unit wise or product wise performance

Hamid Fabrics Limited has three production units: 1) Woven Fabric, 2) Gray Fabric and 3) Yarn Dyeing which are interdependent. Woven Fabric has installed capacity to produce 32.40 million yards of finished dyed fabrics annually. Weaving unit is a renovated unit having annual capacity of 9.88 million yards of gray fabrics and Yarn Dyeing unit has an annual capacity of dyeing 1.37 million kg of yarn.

The following table illustrates the production capacity of different units and its utilization:

Particulars	Unit	Installed capacity	Utilization during the period	Utilization
Woven Fabric *	Yard	21,600,000	21,113,094	90.75%
Gray Fabric *	Yard	9,878,000	9,720,696	98.41%
Yarn Dyeing	Kg.	1,368,750	1,065,727	77.86%

*Production capacity for two shifts.

iii) Risks and concerns

Risk refers to the variability of expected outcome, which is a complex and multifaceted phenomenon. Investment in equity securities involves a high degree of risk, which needs to be explicitly evaluated while making an investment decision. Hamid Fabrics Ltd is operating in an industry that is subject to both external and internal risks. Some of these risks can be managed while some are beyond control, which may result in loss for investors. However, the management of the Company constantly explores ways and means for mitigating such risks.

MANAGEMENT RISK

The textile industry of Bangladesh already experiences a great shortage of skilled management personnel. Because of high demand from employers, they tend to switch between jobs for financial and other benefits. Hence, if a key manager, executive or employee quits his/her job, it could affect business continuity, operating results and future growth of HFL. Management risk also arises from succession crisis if subsequent teams of leadership are not created within the organization.

Management perception about this Risk

The Company places a great importance to human resource and leadership development. The staff is brought under relevant on-the-job, in-house and external training programs. HFL recognizes the commitment and contribution of employees for the growth of the Company. A culture of objective performance appraisal and effective reward system has helped to create job-security and motivation of employees. As a result, HFL has relatively low employee turnover in key management positions. Key management team of HFL is almost unchanged for more than five years, which shows the general loyalty to the organization. HFL has developed layers of alternative leaderships in all critical areas of its activities.

OPERATIONS RISK

This involves the risk of not being able to maintain the expected performance by the Company. Such risk could arise from both internal and external factors discussed above such as industry, management, technology, regulations, utilities etc

Management perception about this Risk

As explained above, operations risk could arise from a variety of factors. The risk mitigation strategies for such factors have been explained separately above. The experienced management team continuously monitors the new developments in these areas in order to take proactive measures to minimize any negative implications to the Company and capitalize on potential opportunities.

MARKET RISK

Market risk arises from adverse market conditions affecting sales and profitability of any Company. A few factors may trigger market risk for HFL such as changes in consumer behaviours, demographics, introduction of substitute products, competition and other unfavourable global conditions such as economic depression, wars etc.

Management perception about this Risk

HFL is a textile manufacturer producing inputs for the export oriented Ready Made Garment units in Bangladesh. Because of established track record of shorter lead time and quality of products, the Company enjoys a steady growth in supply orders with exception during the COVID-19 pandemic. In addition to this, strong research & development, marketing and brand management have helped the Company to increase its customer base. As a result, HFL has already achieved recognition from globally renowned buyers like Marks & Spencer, H&M, PVH etc.

INDUSTRY RISKS

Unexpected technological developments and regulatory changes that are specific to the Textile & Apparel industry might have an adverse impact on the business performance of the Company. It also involves the risk of increased competition arising from foreign and domestic textile manufacturers resulting in contraction of profit margin and loss of market share. Further, the textile industry is heavily dependent on the performance of RMG industry, which faces threats stemming from international competitors viz. China, India and Vietnam etc. Hence the textile industry of Bangladesh is always under pressure to deliver cost-efficient and quality fabrics.

Management perception about this Risk

HFL keeps pace with technological advancements using modern machineries and equipment. Moreover, the modern technology has not cannibalized the traditional manufacturing methods fully yet now such as hand looms indicating a lower level of obsolescence risk. The Textile & Apparel is a priority sector for the Government and it is unlikely that the Government will impose unfavorable regulatory changes to this industry.

(iv) Discussion on Cost of Goods Sold, Gross Profit Margin and Net Profit Margin

Amount in Taka

Particulars	2021-22	2020-21
Revenue	2,510,534,603	1,251,138,845
Cost of goods sold	(2,085,672,925)	(1,103,673,504)
Gross profit	424,861,678	147,465,341
Profit/ (Loss) before tax	90,878,319	(133,645,612)
Net profit/ (Loss)	60,939,474	(160,269,529)

Revenue and gross profit of current year have increased by 100.7% and 188% respectively compared to that of last year for easing the impact of COVID-19 pandemic. The Company earned net profit Tk. 60.94 million during the year against net loss of Tk 160.27 million in the last year. The issue has been disclosed in the Financial Statements under note no. 40.

(v) Discussion of continuity of any Extra Ordinary gain or loss

No such material gain or loss during the year.

(vi) Basis for related party transactions

Related party transactions are stated in note 33 of the Financial Statements.

(vii) Utilization of proceeds from Public Issue

No such incidence during this financial year.

(viii) Explanation if the financial results deteriorate after the Company goes for IPO

Explained under note no. 40 of the Financial Statements.

(ix) Explanation of significant variance occurs between Quarterly Financial Performance and Annual Financial Statements

During First Quarter ended on September 30, 2022; Revenue has increased to Tk. 833.14 million from previous year of Tk. 444.34 million for easing the impact of COVID-19 pandemic. As a result, profitability during the period has improved immensely, which has affected EPS and NAV positively. NOCFPS has also enhanced to a large extent due to higher cash collection during this period.

(x) Remuneration paid to Directors including Independent Directors

Remuneration to Directors has been shown in note no. 26 of the Financial Statements.

(xi) Fairness of Financial Statement

The Financial Statements prepared by the management of the Company present fairly its state of affairs, the result of its operations, cash flows and changes in equity. A declaration by the Chief Executive Officer (CEO) and the Chief Financial Officer (CFO) in this regard is published on page 20.

(xii) Maintenance of proper books of account

Proper books of account have been maintained by the Company.

(xiii) Adoption of appropriate accounting policies and estimates

Appropriate accounting policies have been consistently applied in preparation of the Financial Statements and the accounting estimates are based on reasonable and prudent judgment.

(xiv) Compliance with Accounting and Financial Reporting Standards

International Accounting Standard (IAS), Bangladesh Accounting Standard (BAS), International Financial Reporting Standard (IFRS) and Bangladesh Financial Reporting Standard (BFRS), as applicable in Bangladesh, have been followed in preparation of the Financial Statements.

(xv) Soundness of Internal Control System

Internal Control System is sound in design and has been effectively implemented and monitored.

(xvi) Protection of interest of minority shareholders

The Board of Directors is very concerned of and committed to protection of interest of minority shareholders. Management has been instructed to take sincere and timely measures to address any valid grievances raised by the shareholders. Contact numbers with email address of the concerned person have been published on the website of the Company for communication.

(xvii) Ability to continue as going concern

There is no significant doubt upon the Company's ability to continue as a going concern.

(xviii) Significant deviations in Operating Results compared to last year

Revenue and gross profit of current year have increased by 100.7% and 188% respectively compared to that of last year for easing the impact of COVID-19 pandemic. The Company earned net profit Tk. 60.94 million during the year against net loss of Tk 160.27 million in the last year. The issue has been disclosed in the Financial Statements under note no. 40.

(xix) Key operating and financial data of preceding 5 (five) years

Provided on page no. 17

(xx) Reasons for not declaring dividend

Not applicable.

(xxi) No bonus share or stock dividend has been declared or shall be declared as interim dividend

Management asserts that no bonus share or stock dividend has been declared or shall be declared as interim dividend

(xxii) Number of Board Meetings held during the year and attendance

AHM Mozammel Hoque
 Chairman

MANAGEMENT'S DISCUSSION AND ANALYSIS

Hamid Fabrics Limited (HFL) is one of the leading manufacturers of high-quality fabrics in Bangladesh. It is engaged in producing and marketing of gray and finished fabrics of various qualities.

Business outlook of the Company

The Company is committed to produce and supply high quality fabrics to the globally reputed buyers. It has got a basket of renowned global brand houses for acquiring its fabrics since long. The Company has already expanded its capacity to tap future potential. The business of the Company increased significantly during this year for easing the impact of COVID-19 pandemic. Though the prediction for the next year is gloomy according to forecast made by global think tanks caused by Russia-Ukraine war, with the right leadership and equipped with young, motivated and experienced workforce, the Company is thriving continuously to become a competitive and sustainable one in the coming days.

Accounting Policies and Estimation

The accounting policies used in preparation of the Financial Statements have been followed consistently. The policies are based on the framework for the preparation and presentation of financial statements issued by the International Accounting Standards Committee (IASC).

Management needs to make judgments, estimates and assumptions that affect the application of accounting policies for preparation of financial statements. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances.

Changes in Accounting Policies and Estimation

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimated are recognized in the period in which the estimate is revised and in any future periods affected. However, there are no major changes in accounting policies and estimation used in preparation of the Financial Statements during this year.

Financial and Economic Scenario

Bangladesh is apparently an example among the developing nations in terms of growth rate and other health and human development indicators. The Country has been maintaining GDP growth impressively for some years continuously. As a result, the Country is heading towards declaring to be a Developing Country officially by the United Nations in 2026. Though the progress rate was impressive during this year for easing the impact of COVID-19 pandemic, the Country feels to be conservative apprehending the business forecasts for next year made by different global think tanks triggered by Russia-Ukraine war, which is badly contributing to the recent global supply chain disruption of energy, fuel and food. Resultantly, inflation rate is a bit high and waiting for more increment. Foreign currency reserve is at a satisfactory stage now but will need improvement immediately. Appreciation of US Dollar is hurting the import business though offering extra profit to the exporters of our country.

Future plan

The Company has been one of the suppliers of best quality fabrics to the global buyers since long. It has already revised its capacity level. To continue fulfilling customers' satisfaction is a real challenge in today's ever changing business environment. Russia-Ukraine war has worsened the supply channel of food and fuel severely. Management is yet earnestly striving to cope with the changing business scenario and musing of means and measures to go ahead by addressing the situations appropriately to remain sustainable in the coming days.

DECLARATION OF CEO AND CFO

Date: October 27, 2022

The Board of Directors
Hamid Fabrics Limited
Hamid Tower (5th - 7th floor),
24 Gulshan C/A, Circle 2, Dhaka 1212.

Subject: Declaration on Financial Statements for the year ended on June 30, 2022.

Dear Sirs,

Pursuant to the condition no. 1 (5) (xxvi) imposed vide Commission's Notification No. BSEC/CMRRCD/2006-158/207/Admin/80 dated 3 June, 2018 under section 2CC of the Securities and Exchange Ordinance, 1969; we do hereby declare that:

- (1) The Financial Statements of Hamid Fabrics Limited for the year ended on June 30, 2022 have been prepared in compliance with International Accounting Standards (IAS) or International Financial Reporting Standards (IFRS), as applicable in Bangladesh and any departure therefrom has been adequately disclosed;
- (2) The estimates and judgments related to the financial statements were made on a prudent and reasonable basis, in order for the financial statements to reveal a true and fair view;
- (3) The form and substance of transactions and the Company's state of affairs have been reasonable and fairly presented in its financial statements;
- (4) To ensure above, the Company has taken proper and adequate care in installing a system of internal control and maintenance of accounting records;
- (5) Our internal auditors have conducted periodic audits to provide reasonable assurance that the established policies and procedures of the Company were consistently followed; and
- (6) The management's use of the going concern basis of accounting in preparing the financial statements is appropriate and there exists no material uncertainty related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern.

In this regard, we also certify that -

- i) We have reviewed the Financial Statements for the year ended on June 30, 2022 and to the best of our knowledge and belief:
 - a. These statements do not contain any materially untrue statements or omit any material fact or contain statements that might be misleading;
 - b. These statements collectively present a true and fair view of the Company's affairs and are in compliance with existing accounting standards and applicable laws.
- ii) There are, to the best of our knowledge and belief, no transactions entered into by the Company during the year which are fraudulent, illegal or violation of the code of conduct for the Company's Board of Directors or its members.

Sincerely yours,

Sd/-
Abdullah Al Mahmud

DIVIDEND DISTRIBUTION POLICY

1. Introduction and Application

The Dividend Distribution Policy has been prepared in accordance with requirements of the Directive no. BSEC/CMRRCD/2021-386/03 dated January 14, 2021 issued by Bangladesh Securities and Exchange Commission (BSEC) on declaration, disbursement and compliance of dividend of the listed companies in Bangladesh. The Board of Directors of Hamid Fabrics Limited has adopted this Dividend Distribution Policy.

This Policy shall apply to the ordinary shares as the Company has issued only one class of shares with equal voting rights so far. The shareholders whose names appear in the Members'/ Depository Register on the Record Date shall be entitled to receive dividends.

2. Objectives

The objectives of this Policy are to provide guidelines on declaration, disbursement, compliance and management of dividend. The Company aims to consider both shareholders' expectation of return on investment and managing its own retained earnings for the provision of future development of the Company.

3. Guiding Principles

- o The Company shall declare dividend in compliance with all applicable laws, rules and regulations issued by the related regulatory authorities.
- o The Company may declare interim or final dividend for a financial year.
- o The Board will recommend dividend in cash or stock subject to approval by the shareholders in Annual General Meeting of the Company and approval of Regulatory Authorities, if applicable.
- o The Board may consider not recommending any dividend for a financial year taking into account insufficiency of profit or cash and any other cause deems to be fit by the Board.
- o The Board may, at the time of recommending dividend, consider some factors of the Company, among others; profitability, liquidity, business extension, dividend trend, macro-economic situation as well as industry practice that fall under financial, internal or external parameters.
- o The dividends shall be paid/ transferred to eligible shareholders within the stipulated time after approval.
- o Unclaimed or unsettled dividends (cash or stock) shall be maintained and managed pursuant to the Regulations and Directives issued by the Regulatory Bodies.

4. Conclusion

The Policy shall be disclosed in the Annual Report and posted on the website of the Company. It will be reviewed and modified to keep it updated as per applicable rules and regulations.

NOMINATION AND REMUNERATION POLICY

1. Introduction and Application

The Nomination and Remuneration Policy has been prepared in accordance with requirement of the Corporate Governance Code 2018 issued by Bangladesh Securities and Exchange Commission (BSEC) on selection, recommendation for appointment and befitting remuneration for the member of the Board Top-Level Executives of the Company. The Board of Directors of Hamid Fabrics Limited has adopted this Nomination and Remuneration Policy formulated by the Nomination and Remuneration Committee (NRC).

This Policy shall apply to the existing Directors and employees as well as potential member of the Board and employees including top level executives.

2. Definition

'NRC or the Committee' refers to the Nomination and Remuneration Committee.

'The Company' means Hamid Fabrics Limited.

'Remuneration' implies any money, whatever term may be used to describe or its equivalent paid for services rendered and includes perquisites as defined in the Income Tax Ordinance, 1994.

'Board' denotes Board of Director of Hamid Fabrics Ltd.

'Director' indicates member of the Board.

'Top Level Executive' includes Managing Director (MD) or Chief Executive Officer (CEO), Additional or Deputy Managing Director (AMD or DMD), Chief Operating Officer (COO), Chief Financial Office (CFO), Company Secretary (CS), Head of Internal Audit (HIAC), Head of Administration and Human Resources or equivalent positions and same level or ranked or salaried officials of the Company.

3. Objective

The objectives of the NRC are to guide, assist and oversee the Board of Directors in relation to –

- o Formulating the criteria for determining qualifications, positive attributes and independence of a director and recommend a policy to the Board, relating to remuneration of the directors and top-level executives with consideration that remuneration is reasonable and sufficient to attract, retain and motivate suitable directors and top-level executives;
- o Devising a policy on Board's diversity of age, gender, experience, ethnicity, educational background and nationality;
- o Identifying persons qualified to be directors and appointed in top level executive positions;
- o Framing the criteria for evaluation of performance of independent directors and the Board;
- o Developing, recommending and reviewing annually the company's human resource requirements and training policies;
- o Retaining, motivating and promoting talent and ensuring long term sustainability of talented Top-Level Executive and creating competitive advantage;
- o Recommending Code of Conduct for the Chairman and other Members of the Board and Managing Director;
- o Implementing and monitoring policies and processes regarding principles of corporate governance.

4. Recommendation and Appointment

The Committee is entrusted to assure that the procedures for recommendation and appointment of Directors and Top-Level Executives are followed with transparency, sincerity and impartiality. Combination of age, gender, experience, ethnicity, educational background, nationality and personal values and qualities are the guiding matters to be considered for such recommendation and appointment.

5. Evaluation of Performance

The Committee will do appraisal of performances of Directors and Top-Level Executives with the help of

pre-set confidential questionnaires periodically along with peer feedback as and when applicable for determining the efficacy and measuring the contribution of the Directors and the Top-Level Executives of the Company.

6. Remuneration and Benefit

- **Managing Director (MD) and Full-Time Directors:**
Remuneration and perquisites to be provided to Managing Director and other full-time Director would commensurate with his or her expertise, experience and contribution to the Company, which shall be governed by applicable rules and regulations, and recommendations made by the NRC and approved by the shareholders of the Company.
- **Non-Executive and Independent Directors:**
Fees for attending meetings and other such remuneration may be paid to Non-Executive and Independent Directors as suitable under the Companies Act, 1994 and other application Regulations and Directives. Such fees and remuneration shall be recommended by the NRC and approved by the Board of Directors.
- **Top-Level Executives:**
Remuneration and benefits to Top-Level Executives may be comprised of fixed and incentive pay package on the basis of performance.

7. Retirement and Removal

The Directors and Top-Level Executives will retire according to the applicable rules, regulations and existing HR Policy of the Company. The Board shall have the power to retain any Director, Top-Level Executive and talented employee on the same position and remuneration or with any modifications thereof after attaining their age of retirement for the greater interest of the Company.

The Committee may recommend removing a Director or terminating any employee with reason(s) recorded in writing, subject to compliance with the applicable, existing rules and regulations.

8. Conclusion

The Policy shall be disclosed in the Annual Report of the Company in every year. It will be reviewed and modified to keep it updated by following applicable rules and regulations.

REPORT TO THE SHAREHOLDERS OF HAMID FABRICS LIMITED ON COMPLIANCE OF CORPORATE GOVERNANCE CODE

We have examined the compliance status to the Corporate Governance Code by Hamid Fabrics Limited for the year ended on June 30, 2022. This Code relates to the Notification No. BSEC/CMRRCD/2006-158/207/Admin/80 dated 3 June, 2018 of the Bangladesh Securities and Exchange Commission.

Such compliance with the Corporate Governance Code is the responsibility of the Company. Our examination was limited to the procedures and implementation thereof as adopted by the Management in ensuring compliance to the conditions of the Corporate Governance Code.

This is a scrutiny and verification and an independent audit on compliance of the conditions of the Corporate Governance Code as well as the provisions of relevant Bangladesh Secretarial Standards (BSS) as adopted by the Institute of Chartered Secretaries of Bangladesh (ICSB) in so far as those standards are not inconsistent with any condition of the Corporate Governance Code.

We state that we have obtained all the information and explanations, which we have required, and after due scrutiny and verification thereof, we report that, in our opinion:

- (a) The Company has complied with the conditions of the Corporate Governance Code as stipulated in the above-mentioned Corporate Governance Code issued by the Commission;
- (b) The Company has complied with the provisions of the relevant Bangladesh Secretarial Standards (BSS) as adopted by the Institute of Chartered Secretaries of Bangladesh (ICSB) as required by this Code;
- (c) Proper books and records have been kept by the company as required under the Companies Act 1994, the securities laws and other relevant laws;
- (d) The governance of the company is satisfactory.

INDEPENDENT AUDITOR'S REPORT

TO THE SHAREHOLDERS OF HAMID FABRICS LTD

Report on the audit of the financial statements

Opinion

We have audited the financial statements of Hamid Fabrics Ltd. (the "Company") which comprise the statement of financial position as at 30 June 2022 and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, of the financial position of the Company as at 30 June 2022, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs) as explained in note 3.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and Bangladesh Securities and Exchange Commission (BSEC), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code and the Institute of Chartered Accountants of Bangladesh (ICAB) Bye Laws. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Matters

The Company being 100% export-oriented entities use multiple Foreign Currencies accounts for regular transactions. Any exchange gain / loss due to translation in functional currencies are included as part of operating, investment or financing activities instead of shown separately.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of key audit matters	Our response to key audit matters
Revenue recognition and valuation of receivables	
<p>The Company's external sales are made on credit and hence accounts receivable balance constitute significant component of the Company's statement of financial position as at 30 June 2022. However, most receivables are backed by Back-to-Back Letter of Credit (L/C) and hence considered good and secured.</p> <p>Nevertheless, due to inherent risk associated with recovery of accounts receivable balance and difficulties in forecasting future loss in case of changes in exchange rate this area requires significant estimate and judgment.</p> <p>In particular, due to the subsequent waves of COVID 19 related impact in RMG and textile industry both globally and in Bangladesh the Company's operation continued to be adversely impacted, especially in relation to revenue recognition and increased overdue receivables. Therefore, we have considered this as a key audit matter.</p>	<p>We have tested the design and operating effectiveness of key controls focusing on the following:</p> <ul style="list-style-type: none"> • Appropriateness of the Company's revenue recognition policy and more specifically its alignment with the five step recognition criteria as specified in IFRS 15 • L/C opening process and customer selection criteria; • Periodic balance confirmation from debtors; • Monitoring and follow-up process for overdue receivables; and • The Company's policy of creating provision against overdue receivables and periodic write off in line with IFRS 9. <p>Our substantive procedures in relation to the assessing valuation of receivables comprises the following:</p> <ul style="list-style-type: none"> • Reconciliation of debtors ageing to general ledger; • Conducting cut-off testing at the year-end; • Reviewing subsequent receipt of receivables balance; • Comparing current year rebate/discount accruals to the prior year and issuance of credit notes post year-end; and • Recalculation of provision for trade receivables as required by IFRS 9 and compared against actual write off/loss incurred in prior periods due to non-collectability of receivables balance.
See note number 9 and 23 for details	
Valuation of inventories	
<p>The Company had substantial amount of inventories as at 30 June 2022 which were maintained at factory premises.</p> <p>Inventories are carried at the lower of cost and net realizable value. As a result, management has applied judgement in determining the appropriate values for inventories which may be slow-moving or obsolete and need to apply impairment provision.</p> <p>While excess holding of inventories could</p>	<p>We evaluated the design and implementation of key inventory controls operating across the product lines and stock items of the Company.</p> <p>We observed physical inventory counts and reviewed the reconciliation process of the count results to the inventory records maintained in the system.</p> <p>We compared the net realizable value through a detailed review of subsequent period sales and the cost price of a sample of inventories and comparison to the associated provision to assess whether inventory provisions are</p>

Description of key audit matters	Our response to key audit matters
<p>impact efficient use of working capital similarly lower level of inventories can result in stock outs or irregular supply to the market.</p> <p>Moreover, due to the continuation of COVID 19 related impacts on RMG and textile industry as described above, there is likelihood of excess inventories due to slowdown in business. If there is significant drop in sales volume or selling price in subsequent period this can create lower NRV and hence potential impairment.</p> <p>Therefore, this area we have considered as a key audit matter.</p>	<p>complete.</p> <p>We reviewed the historical accuracy of inventory provisioning, and the level of inventory write-offs during the year.</p> <p>We discussed with management about their sales forecasting procedures and ordering of stocks, and inquired about remedial action taken in case of excess or shortage of inventories due to difference in forecast and actual results.</p> <p>We reviewed management analysis of slow-moving inventories and assessed any obsolescence and/or NRV issues.</p> <p>Total value of inventories as at 30 June 2022 were Tk 852,189,201 (2021: 572,010,745). The current level of inventories is higher than the prior year due to ramp-up in production activities of the Company during the current period which was substantially lower in prior period due to Covid-19 related impact.</p>
See note number 10 for details	

Regulatory compliance	
<p>The Company is a listed company as well as considered as a 'Public Interest Entity' as per the criteria issued by Bangladesh Financial Reporting Council (FRC) vide notification dated 11 March 2020. Accordingly, the Company operate in a heightened legal and regulatory environment, and as a result we focus on compliance with legal, regulatory and other matters as key audit area.</p> <p>In addition, the Company has also taken substantial amount of loans and borrowings to support its business activities and hence require to comply with related covenants on loans and borrowings from various banks and financial institutions.</p>	<p>We have conducted the following procedures to assess compliance of various regulatory and other matters applicable for the Company:</p> <p>The Labour Act</p> <p>The Company has made required provision for the WPPF and also set up the Trust and other formalities for disbursement of WPPF amount. The Company has made required provision for gratuity on the basis of its policy to pay gratuity on the basis of on latest basic salary for each completed years of services regardless of the actual service length. The Company has not yet conducted any actuarial valuation of its defined benefit obligation but as per management's estimate the existing provision will be adequate to cover its obligation under the Labour Act 2006 (as amended). On the expectation that vast majority of employees will be continuing with the Company the gratuity provision is shown as non-current liability. The</p>

Description of key audit matters	Our response to key audit matters
	<p>Company has also aligned its provident fund rules with the Labour Rules 2015.</p> <p>Loans and borrowings</p> <p>We obtained an understanding, evaluated the design and tested the operational effectiveness of the Company's key controls over the loans. Amongst other we have obtained understanding on the nature or types of loans, the repayment schedules, loan statements and facility offer letters to review terms, debt covenants, interest rates and other conditions associated with the loans.</p>
See note number 17 for details	

Revaluation of property, plant and equipment including impairment assessment

<p>The Company in prior years has undertaken revaluation of its land and building. As a result of this revaluation exercise, an amount of BDT 664,118,725 (2021: BDT 669,043,292) is recognized as the fair value gain in revaluation surplus. Determination of fair value in absence of any quoted price and active market require significant judgment.</p> <p>Furthermore, due to COVID 19 related impacts and other macro-economic factors as stated above we have assessed capacity utilization of PP&E and any potential impairment under IAS 36.</p>	<p>We assessed the process of revaluation previously taken by the Company. We observed the last revaluation done by an external valuer was in 2012. However, management has been regularly assessing fair value of those assets.</p> <p>We reviewed revaluation report of the independent valuer along with relevant documents and applied our judgment to see whether the fair value is still relevant, especially due to COVID 19 impact and other macro-economic changes in general and in those area in particular to assess the current value of those assets.</p> <p>We checked related accounting treatments of fair value gain as recognized by the Company.</p> <p>Finally, we discussed actual capacity utilization during the period and future forecast including expected recovery time from COVID 19 impact to assess whether any impairment is required.</p>
See impairment policy and note 14 for details	

Reporting on other informatio

Management is responsible for the other information. The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The Annual Report

is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Financial Statements and Internal Controls

Management is responsible for the preparation and fair presentation of the financial statements of the Company in accordance with IFRSs as explained in note 3, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing these financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates

and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company's to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory Requirements

In accordance with the Companies Act, 1994 and the Securities and Exchange Rules 2020, we also report that:

- (i) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;
- (ii) in our opinion, proper books of account as required by law have been kept by the Company's so far as it appeared from our examination of those books;
- (iii) the statement of financial position and statement of profit or loss and other comprehensive income together with the annexed notes dealt with by the report are in agreement with the books of account; and
- (iv) the expenditures incurred were for the purpose of the Company's business.

HAMID FABRICS LIMITED

Notes to the Financial Statements

As at and for the year ended 30 June 2022

1. Status of the reporting entity

1.1 Legal status

Hamid Fabrics Ltd. (the “Company”) is a public company limited by shares. The Company was incorporated in Bangladesh on 27 April 1995 in the name of Siddique Fabrics Ltd., as a private company limited by shares under the Companies Act, 1994. Subsequently on 23 May 2000, the name was changed to Hamid Fabrics Limited. The Company was converted to public company on 25 February 2010 vide special resolution passed in the extra ordinary general meeting after observance of required formalities. The Registered office of the Company is situated at Hamid Tower, 24 Gulshan Commercial Area, Circle – 2, Dhaka – 1212. The factory of the Company is located at Shilmondi, Narshindi. The Company is listed on Dhaka Stock exchange and Chittagong Stock exchange.

1.2 Nature of business

The principal activity of this Company is engaged in manufacturing and marketing of gray and finished fabrics of various qualities. This is a 100% export-oriented company.

The management of the company will continue its operational existence for the foreseeable future on the basis of improved profitability and continued support of its bankers, equipment vendors and other contractors, suppliers as well as related stakeholders.

2. Basis of preparation

2.1 Statement of compliance

The financial statements have been prepared in accordance with the International Accounting Standards (IASs) and International Financial Reporting Standards (IFRSs) as adopted by the Institute of Chartered Accountants of Bangladesh and Financial Reporting Council (FRC).

2.2 Other regulatory compliances

The company is also required to comply with the following major laws and regulation in addition to the Companies Act 1994:

- The Income Tax Ordinance 1984
- The Value Added Tax and Supplementary Duty Act, 2012
- The Customs Act 1969
- Bangladesh Labor Act 2006 and rules 2015
- Securities and Exchange Rules 2020 along with all related regulations
- Other applicable regulations.

2.3 Basis of measurement

The financial statements have been prepared on accrual basis following going concern concept under historical cost convention except for land and land development and building and construction which are reflected at revalued amount. The land and building were revalued on 2012.

2.4 Going concern

The Company has adequate resources to continue in operation for foreseeable future. For this reason, the Directors continued to adopt going concern basis in preparing the Financial Statements. The current credit facilities and resources of the company provide sufficient fund to meet the present requirements of its existing businesses and operations.

2.5 Use of estimates and judgments

The preparation of financial statements in conformity with International Financial Reporting Standards requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses and disclosure requirements for contingent assets and liabilities during and at the date of financial statements. Actual results may differ from these estimates. The estimates and associated assumptions are based on historical experience and various other

factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future periods affected. In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are reflected in measuring fair value of Land and Building, calculation of deferred tax liabilities and gratuity provision.

2.6 Functional and reporting currency and level of precision

The financial statements are prepared and presented in Bangladesh Taka, which is the company's functional currency. All financial information presented has been rounded off to the nearest Taka except where indicated otherwise.

2.7 Reporting period

The financial period of the company covers one year from 1 July to 30 June and followed consistently. For this Report, Financial statement covers for the period from 01 July 2021 to 30 June 2022 along with related applicable comparative information for the period 01 July 2020 to 30 June 2021.

2.8 Change in accounting policy

There is no major change in accounting policies for preparation of the Financial Statements for this year.

2.9 Date of authorization

This Financial Statements has been authorized for publication by the Board of Directors of Hamid Fabrics Limited on 27 October 2022.

2.10 Components of the financial statements

According to the International Accounting Standard (IAS) 1 "Presentation of Financial Statements" the complete set of financial statements includes the following components:

- i) Statement of Financial Position
- ii) Statement of Profit or Loss and Other Comprehensive Income
- iii) Statement of Changes in Equity
- iv) Statement of Cash Flows
- v) Notes to the Financial Statements

3. Significant accounting policies

The accounting policies set out below have been applied in preparations of these financial statements:

3.1 Property, plant and equipment

3.1.1 Recognition and measurement

Property, plant and equipment except land and building are measured at cost less accumulated depreciation and impairment losses, if any. Land & Land Development and Building & Construction are measured at fair value. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable expenses, inward freight, duties and non-refundable taxes.

Where parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items of property, plant and equipment.

The Company recognizes in the carrying amount of an item of property, plant and equipment the cost of replacing part of such an item when that cost is incurred if it is probable that the future economic benefits embodied within the item will flow to the entity and the cost of the item can be measured reliably. All other costs are recognized in the income statement as an expense as incurred.

3.1.2 Disposal of fixed assets

On disposal of fixed assets, the cost and accumulated depreciation are eliminated and gain or loss on such disposal is reflected in the income statement, which is determined with reference to the net book value of the

assets and net sales proceeds.

3.1.3 Depreciation on fixed assets

Depreciation on fixed assets is charged on reducing balance method. Depreciation continues to be charged on each item of fixed assets until the written down value of such fixed assets is reduced to Taka one. Depreciation on addition to fixed assets is charged on daily product basis from the date of acquisition and depreciation has been charged on fixed assets ceases on the same way of their date of disposal and it has no significant impact on the previous financial statements relating to such change from yearly basis and days basis. The residual value, if not insignificant, is reassessed annually. Amount of depreciation on Revaluation of Building & Other Construction has been adjusted against Revaluation Reserve.

Rates of depreciation on various classes of fixed assets are as under:

Category of fixed asset	Rate (%)
Building & Construction	5
Plant & Machinery	5
Electrical & Gas Installation	10
Furniture and Fixtures	15
Office equipment	15
Vehicles	20

Land is not depreciated as it deems to have an infinite life. Depreciation is charged on all assets of the company.

3.1.4. Revaluation of property, plant and equipment:

During the period no assets were revalued but it was estimated that fair value of above assets justified with was higher than the book value.

The Company applies revaluation model to entire class of freehold land and buildings in 2012. A revaluation is carried out when there is a substantial difference between the fair value and the carrying amount of the property and is undertaken by professionally qualified valuers. The Company reviews its assets when deemed appropriate considering reasonable interval of years/time. Increases in the carrying amount on revaluation is recognized in other comprehensive income and accumulated in equity in the revaluation reserve unless it reverses a previous revaluation decrease relating to the same asset, which was previously recognized as an expense. In these circumstances the increase is recognized as income to the extent of the previous write down. Decrease in the carrying amount on revaluation that offset previous increases of the same individual assets are charged against revaluation reserve directly in equity. All other decreases are recognized in statement of profit or loss and other comprehensive income.

Land & building held for use in production, supply of goods and services or administrative purpose are stated in the statement of financial position at their revalued amounts, being the fair value at the date of revaluation. Revaluations are performed with sufficient regularity such that the carrying amounts do not differ materially from those that would be determined using fair values at the end of each reporting period.

3.1.5 Subsequent costs

The cost of replacing part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the company and its cost can be measured reliably. The costs of the day-to-day servicing of property, plant and equipment are recognized in the profit and loss account as incurred.

3.1.6. Impairment of assets

No fact and circumstances indicate that company's assets including property, plant and equipment may be impaired.

3.2. Intangible Asset

3.2.1. Recognition and measurement

Intangible assets are measured at cost less accumulated amortization and accumulated impairment loss, if any. Intangible asset is recognized when all the conditions for recognition as per IAS 38: Intangible assets are met. The cost of an intangible asset comprises its purchase price, import duties and non-refundable taxes and any directly attributable cost of preparing the asset for its intended use.

3.2.2. Subsequent costs

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditures are recognized in the profit and loss account when incurred.

3.2.3. Amortization

Amortization is recognized in the statement of comprehensive income on reducing balance method. Amortization rate for intangible assets (computer software) is 20 % per year. Amortization of such assets is charged on daily product basis.

3.3. Leased Assets

Leases in terms of which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. Upon initial recognition these leased assets are measured at an amount equal to the lower of its fair value and the present value of the minimum lease payments. Subsequent to initial recognition, the asset is accounted for in accordance with the accounting policy applicable to that asset.

3.4. Investment in FDR

Investment in FDR includes fixed deposits held with various banking and non-banking financial institutions in the name of Hamid Fabrics Limited and it is made to facilitate security deposit against utility connection, etc. The fixed deposits are renewed upon maturity at the option of the company.

3.5. Inventories

Inventories are stated at the lower of cost and net realizable value in accordance with IAS -2 "Inventories". The cost of inventories is based weighted average principle and includes expenditure incurred in acquiring the inventories and bringing them to their existing location and condition.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses. Adequate allowance is made for obsolete, damaged and slow-moving inventories.

3.6. Trade Debtors

Accounts receivable has been stated at its original invoiced amount supported by L/C. This is considered good and is falling due within one year. 25% provision for bad/doubtful debts is made on the receivable amount against trade debtors over one year to two years of aging and over two years of aging 50% provision is made and if its three years or more 100% is provided and the provision is written off as per decision of The Board if so required. Related party transactions relating to sales/purchase are made on arm length basis. Rate of sale/purchase of related party transactions are fixed as applicable to other outsider parties.

3.7. Advance, deposits and prepayments

Advances are initially measured at cost. After initial recognition advances are carried at cost less deductions, adjustments or charges to other account heads such as PPE or inventory etc.

Deposits are measured at payment value.

Prepayments are initially measured at cost. After initial recognition prepayments are carried at cost less charges to profit and loss account.

3.8. Cash and cash equivalents

Cash and cash equivalents comprise cash balances and call deposits. Bank overdrafts that are repayable on demand and form an integral part of the entity's cash management are included as a component of cash and

cash equivalents for the purpose of the statement of cash flows. Amount of Cash and Cash Equivalent under USD has been reflected in BDT and exchange rate fluctuation has been recognized accordingly.

3.9. Other current assets

Other current assets have a value on realization in the ordinary course of the company's business which is at least equal to the amount at which they are stated in the balance sheet.

3.10. Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognized as deduction from equity, net of any tax effects. Paid up capital represents total amount contributed by the shareholders and bonus shares, if any issued by the company to the ordinary shareholders. Holders of ordinary shares are entitled to receive dividend as declared from time and are entitled to vote at shareholder's meetings. In the event of a winding up of a winding up of the company, ordinary shareholders rank after all other shareholders and creditors and fully entitled to any residual proceeds of liquidation.

3.11. Trade creditors and accruals

Trade and other payables are stated at cost.

A provision is recognized in the balance sheet when the Company has a present legal or constructive obligation as a result of a past event, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Trade Creditors under foreign currency has been presented in BDT and fluctuation loss has been charged to Profit and Loss Account.

3.12. Loans and borrowing

Principal amounts of loans and borrowings are stated at their outstanding amount. Borrowings repayable after twelve months from the reporting date are classified as non-current liabilities whereas the portion payable within twelve months, unpaid interest and other charges are classified as current liabilities.

3.13. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

3.13.1. Financial assets

The Company initially recognizes receivables on the date that they are originated. All other financial assets are recognized initially on the date at which the Company becomes a party to the contractual provisions of the instrument.

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial assets are transferred.

The classification and measurement of financial assets is based on the basis of both:

- a. the entity's business model for managing the financial assets; and
- b. the contractual cash flow characteristics of the financial assets.

Three measurement classifications for financial assets have been established: amortised cost, fair value through other comprehensive income and fair value through profit and loss. These measurement classifications align with three business models available under IFRS 9:

- Hold to Collect – Financial assets held with the objective to collect contractual cash flows
- Hold to Collect and Sell – Financial assets held with the objective to collect and sell contractual cash flows
- Other – Financial assets held for trading or assets that do not meet the criteria for either 'Hold to collect' or 'Hold to collect and sell'. Financial assets designated as trading are held with an objective to sell the assets in the short term.

For purposes of determining the measurement classification, financial assets under the 'Hold to Collect' and 'Hold to Collect and Sell' business model require an assessment to determine whether the cash flows are solely

payments of principal and interest (SPPI). Basic lending arrangements with limited volatility in cash flows typically have contractual cash flows that are SPPI; however, other factors should be considered in making this determination, such as whether interest payments provide only a consideration for the passage of time associated with time value of money.

Financial assets under a Hold to collect business model, with contractual cash flows that are SPPI, are classified and measured at amortised cost. Financial assets under a Hold to Collect and Sell business model, with contractual cash flows that are SPPI, are classified and measured at fair value through other comprehensive income (FVOCI).

Financial assets that have contractual cash flows that are not SPPI, are designated as trading or do not fit the business model criteria for hold to collect and old to collect and sell are measured at fair value through profit and loss (FVTPL). Equity instruments are always measured at FVTPL unless an irrevocable option is elected at initial recognition to present fair value changes in OCI. Fair value changes recorded in OCI for equity instruments are not recycled to profit and loss. The Company did not elect the option to present fair value changes through OCI for equity instruments.

Based on the above the basis of recognition and measurement are as follows:

I. Amortized cost

The asset is measured at the amount recognized at initial recognition minus principal repayments, plus or minus the cumulative amortization of any difference between that initial amount and the maturity amount, and any loss allowance. Interest income is calculated using the effective interest method and is recognized in profit and loss. Changes in fair value are recognized in profit and loss when the asset is derecognized or reclassified.

II. At fair value through profit or loss:

A financial asset is classified as at fair value through profit or loss if it is classified as held for trading or is designated as such on initial recognition. Financial assets are designated as at fair value through profit or loss if the Company manages such investment and makes purchase or sale decisions based on their fair value in accordance with the Company's documented risk management or investment strategy. Attributable transactions costs are recognized in profit and loss as incurred. Financial assets at fair value through profit or loss are measured at fair value and changes therein which take into account and dividend income are recognized in profit or loss.

III. At fair value through other comprehensive income

The asset is measured at fair value and changes in value are transferred through other comprehensive income.

Financial assets currently being used by the Company are as follows:

a. Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, cash at bank and other short-term deposits which are available for use by the Company without any restriction. Overdrafts that form part of day to day cash management of the Company are also included in cash and cash equivalents.

b. Trade and other receivables

Trade and other receivables represent the amounts due from customers for delivering goods or rendering services. Trade and other receivables are initially recognized at cost which is the fair value of the consideration given in return. After initial recognition these are carried at amortized cost less impairment losses due to uncollectible of any amount so recognized.

c. Investment in listed securities and FDR

Investment in listed securities is measured at fair value through profit or loss on portfolio basis as per IFRS 9. The impairment provision on unrealized loss has been netted off against cost price. Investments in fixed deposits with banks and financial institutions have been recognized at amortized costs.

3.13.2 Financial liabilities

The Company initially recognizes financial liabilities on the date that is originated. The Company derecognizes a financial liability when its contractual obligations are discharged, cancelled or expired.

The Company classifies non-derivative financial liabilities into the liabilities for expenses category. Such financial liabilities are recognized initially at fair value less directly attributable transaction cost. Subsequent to initial recognition, these financial liabilities are measured at amortized cost.

(i) Trade and other payables

Trade and other payables represent the amounts due to suppliers for receiving goods or services. Trade and other payables are initially recognized at cost which is the fair value of the consideration received. After initial recognition these are carried at amortized cost.

(ii) Liabilities for expenses

Liabilities for expenses represent the amounts due to various parties for receiving services. These are initially recognized at cost which is the fair value. After initial recognition these are carried at amortized cost.

(iii) Borrowings

Interest-bearing borrowings include both short-term and long-term bank loan. Interest bearing borrowings are recognized initially at fair value less attributable transaction costs. Subsequent to initial recognition, these are stated at amortized cost using the effective interest method.

3.13.3 Equity instruments

Ordinary shares are classified as equity. In line with IAS 32 requirement, incremental costs directly attributable to the issue of ordinary shares are recognized as reduction in equity through charging directly to retained earnings instead of profit or loss. Paid-up share capital represents total amount contributed by the shareholders and bonus shares issued by the Company.

3.14 Impairment

i) Financial assets

The Company recognise a loss allowance for expected credit losses on a financial asset that is measured at amortised cost or measured at fair value through other comprehensive income. These financial assets are assessed at each reporting date to determine impairment.

The Company measures impairment allowance for financial asset at an amount equal to the lifetime expected credit losses if the credit risk on that financial asset has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition impairment is assessed at an amount equal to 12 month expected credit losses.

Expected credit losses for trade receivables (not having financing components) are estimated using the simplified approach of lifetime ECL based on a combination of write-off history, aging analysis and ability to make immediate repayment.

The Company considers evidence of impairment for these assets at both an individual asset and a collective level. All individually significant assets are individually assessed for impairment. Those found not to be impaired are then collectively assessed for any impairment that has been incurred but not yet individually identified. Assets that are not individually significant are collectively assessed for impairment. Collective assessment is carried out by grouping together assets with similar risk characteristics.

In assessing collective impairment, the Company uses historical information on the timing of recoveries and the amount of loss incurred, and makes an adjustment if current economic and credit conditions are such that the actual losses are likely to be greater or lesser than suggested by historical trends.

An impairment loss is calculated as the difference between an asset's carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate. Losses are recognized in profit or loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, then the previously recognized impairment loss is reversed through profit or loss.

(ii) Non-financial assets

At each reporting date, the Company reviews the carrying amounts of its non-financial assets (other than biological assets, investment property, inventories and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. The recoverable amount of an asset is the higher of its fair value less costs to sell and its value in use. Carrying amount of the asset is reduced to its recoverable amount by recognizing an impairment loss, if and only if, the recoverable amount of the asset is less than its carrying amount. Impairment loss is recognized immediately in profit or loss. As at 30 June 2022, the assessment of indicators of impairment revealed that impairment testing was not required for the Company. The lower capacity utilization during the period is considered to be temporary in nature and expected to become better once COVID 19 situation is improved.

For other assets, an impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognized.

3.15 Revenue from contracts with customers

The Company has initially applied IFRS 15 Revenue from contract with customers from 1 January 2019. The Company recognizes as revenue the amount that reflects the consideration to which the Company expects to be entitled in exchange for goods or services when (or as) it transfers control to the customer. To achieve that core principle, IFRS 15 establishes a five-step model as follows:

- Identify the contracts with customer;
- Identify the performance obligation in the contract;
- Determine the transaction price;
- Allocate the transaction price to the performance obligations in the contract; and
- Recognize revenue when (or as) the entity satisfies a performance obligation.

Considering the five-step model, the Company recognizes revenue when (or as) the Company satisfies a performance obligation by transferring a promised good to a customer. Goods are considered as transferred when (or as) the customer contains control of that goods. Revenue from sale of goods is measured at the fair value of the consideration received or receivable net of returns and allowances, trade discounts, rebates and Value Added Tax (VAT).

Sales of goods

Under IFRS 15, revenue will be recognized when a customer obtains control of the goods. Revenue is recognized for the contracts to the extent that it is probable that a significant reversal in the amount of cumulative revenue recognized will not occur. As a consequence, for those contracts for which the Company is unable to make a reasonable estimate of return, revenue is expected to be recognized sooner than when the return period lapses or a reasonable estimate can be made.

Normally, revenue is recognized when the fabrics is supplied to the buyer or its agents. Scrap and wastage sales are included as part of revenue.

3.16 Foreign currency transactions

Transactions in foreign currencies are translated to the functional currency (BDT) at exchange rates at the dates of transactions. Monetary assets and liabilities denominated in foreign currencies at reporting date are re-translated into Bangladesh Taka at the exchange rates ruling at the reporting date. Non-monetary assets and liabilities denominated in foreign currencies, stated at historical cost, are translated into Bangladesh Taka at the exchange rate ruling at the date of transaction. Foreign exchange differences arising on translation are recognized in profit or loss.

3.17 Employee retirement benefits

Defined contribution plan

Obligations for the Company's contributions to defined contribution plans Provident Fund and Workers Profit Participation Fund) are recognized as an expense in the income statement as incurred.

Defined benefit plan

The Company operates an unfunded Gratuity Scheme which is considered as Defined Benefit Plan. The present

value of the obligation for a defined benefit plan is measured using the Projected Unit Credit method. As the Gratuity Scheme is fairly new and the numbers of staffs, who have completed the required service qualification period of five years, are limited, no professional actuarial assessment of the Gratuity obligation is performed at Reporting Date. However, based on the review of undiscounted value of the present gratuity obligation Management is confident that the actuarial assessment will not result in any significant difference with the gratuity provision recorded.

3.18 Finance income and expenses

Finance income comprises interest income on funds invested. Interest income is recognized on maturity.

Finance expenses comprise interest expenses on loan, overdraft and bank charges. All borrowing costs are recognized in the Statement of Profit or loss and other Comprehensive Income using effective interest method except to the extent that they are capitalized during constructions period of the plants in accordance with IAS-23 Borrowing cost.

3.19 Earnings per share (EPS)

The Company calculates Earning per Share (EPS) in accordance with IAS 33: Earning per Share, which has been shown on the face of Statement of Comprehensive Income account, and the computation of EPS is stated in related note.

Basic earnings

This represents earnings for the year attributable to ordinary shareholders. As there was no preference dividend, minority or extra ordinary items, the net profit after tax for the year has been considered as fully attributable to the ordinary shareholders.

Weighted average number of ordinary shares outstanding during the year

This represents the number of ordinary shares outstanding at the beginning of the year plus the number of shares issued during the year multiplied by a time-weighting factor. The time weighting factor is the numbers of days the specific shares are outstanding as a proportion of the total number of days in the year.

Basic earnings per share

This has been calculated by dividing the basic earnings by the weighted average number of ordinary shares outstanding for the year.

Diluted/restated earnings per share

In case of issuing bonus share the Company dilute the prior period's financial statement accordingly.

3.20 Statement of cash flows

Statement of cash flows has been prepared in accordance with IAS 7 "Statement of Cash Flows". The cash flows from the operating activities have been presented under direct method as prescribed by the Securities and Exchange Rules 1987 and considering the provisions of Paragraph 18(a) of IAS-7 which provides that "Enterprises are encouraged to report cash flow from operating activities using the direct method".

3.21 Responsibility for preparation and presentation of financial statements

The Management is responsible for the preparation and presentation of financial statements under section 183 of the Companies Act, 1994 and as per the provision of "The Framework for the preparation and presentation of Financial Statements" issued by the International Accounting Standard Board (IASB) as adopted by the Institute of The Chartered Accountants of Bangladesh (ICAB) and the Financial Reporting Council (FRC).

3.22 Risk and uncertainties for the use of estimates in preparing financial statements

Preparation of Financial Statements in conformity with the International Accounting Standards requires management to make estimates and assumption that effect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statement and revenues and expenses during the period reported. Actual result could differ from those estimates. Estimates are used for accounting of certain items such as depreciation and amortization, taxes, reserves and contingencies.

3.23 Comparative and reclassification

Comparative information has been disclosed in respect of the period ended 30 June 2021 for all numerical information in the financial statements and also the narrative and descriptive information where it is relevant for understanding of the current year's financial statements. Certain presentation for the period ended 30 June 2021 have been rearranged wherever considered necessary, to ensure better comparability with the current year's financial and to comply with relevant IAS and IFRS.

3.24 Event after the reporting period

Events after the reporting period that provide additional information about the company's positions at the balance sheet date are reflected in the financial statements if any. The Board of Directors in its meeting held on October 27, 2022 recommended 5% cash dividend for general shareholders only for the year ended June 30, 2022.

3.25 Related party transactions

The objective of Related Party Disclosure IAS 24 is to ensure that an entity's Financial Statements contain the disclosures necessary to draw attention to the possibility that its financial position and profit or loss may have been affected by the existence of related parties and by transactions and outstanding balances with such parties.

Parties are considered to be related if one party has the ability to control the other party or to exercise significant influence or joint control over the other party in making financial and operating decisions. The Company transacts with related parties and recognize as per IAS 24 'Related Party Disclosures'. Related party transactions have been disclosed under Note – 33.

3.26 Contingent liabilities and assets

Contingent liabilities and assets are current or possible obligations or assets, arising from past events and whose existence is due to the occurrence or non-occurrence of one or more uncertain future events which are not within the control of the company. No contingent liabilities and assets were recognized in the financial statements for the year as no such event existed.

3.27 Segment reporting

The Company has three interdependent units such as weaving, yarn dyeing and finishing units. These are process units of its finished products i.e. finished fabrics of different qualities. No price is available for its intermediate product and it is also not saleable. Therefore, Segment reporting is not applicable for the company.

3.28 New standards and interpretations yet adopted

New standards or interpretations that have been adopted by the Institute of Chartered Accountants of Bangladesh (ICAB) and effective from July 01, 2021 are duly adopted by the Company and none of these new adoptions has material impact on stated numbers of these financial statements.

A number of new standards and amendments to standards are effective for annual periods beginning after 1 July 2021 and earlier application is permitted; however, the Company has not early applied these new or amended standards in preparing these financial statements.

- A) Onerous contracts - Cost of fulfilling a contract (Amendments to IAS 37)
- B) Deferred tax related to assets and liabilities arising from a single transaction (Amendments to IAS 12)
- C) Other standards: The following new and amended standards are not expected to have a significant Impact on the bank's standalone and consolidated financial statements:
 - Covid-19 related rent concession beyond 30 June 2021 (Amendments to IFRS 16)
 - Annual improvements to IFRS Standards 2018-2020
 - Property, plant and equipment: Proceeds before intended use (Amendments to IAS 16)
 - Reference to Conceptual Framework (Amendments to IFRS 3)
 - Classification of Liabilities as Current or Non-current (Amendments to IAS 1)
 - IFRS 17 Insurance Contracts and amendments to IFRS 17 Insurance Contracts
 - Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2)
 - Definition of Accounting Estimates (Amendments to IAS 8)

3.29. Impact of COVID 19

The adverse impact of COVID 19 which started in previous financial year continued to affect the business of the Company during the current financial period. To contain the spread of subsequent waves of COVID 19, Government has taken various measures including extended lock down, closure of business, restriction in people movement, social distancing etc. As a result of these measures as well as prevailing global situation, all business and economic activities are adversely affected which also impacted the Company. Impact from these COVID 19 related events that has occurred are already reflected in these financial statements. However, due to the inherent uncertainty associated with such matter it is not possible to reasonably assess and quantify any potential impact of COVID 19 related matters on the Company's future operation and financial results.

4. Taxation**4.1. Income tax**

Income tax on the profit or loss for the year comprises current and deferred tax. Income tax is recognized in the income statement except to the extent that it relates to items recognized directly in equity, in which case it is recognized in equity. Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantially enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

It is a publicly traded Company in Textile business. Provision for corporate income tax is made @ 15% on estimated taxable profit in accordance with the income tax laws. The corporate income tax assessment of the Company is completed up to the assessment year 2020-2021 (accounting year ended 30 June 2020) and assessment for the year 2021-2022 is under process.

4.2. Deferred Tax

Deferred tax is provided using the balance sheet liability method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognized on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit. The amount of deferred tax provided is based on the expected manner of realization or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted at the reporting date.

A deferred tax asset is recognized only to the extent that it is probable that future taxable profits will be available against which the asset can be utilized. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

	30-06-2022 Amount in Taka	30-06-2021 Amount in Taka

<u>Particulars</u>	<u>Amount (BDT)</u>
Letter of credit	1,827,330,000
Bank guarantee	75,212,000

35 Financial risk management

The company has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

The company management has overall responsibility for the establishment and oversight of the company's risk management framework. The company's risk management policies are established to identify and analyze the risks faced by the company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies, procedures and systems are reviewed regularly to reflect changes in market conditions and the company's activities. This note presents information about the company's exposure to each of the above risks, the company's objectives, policies and processes for measuring and managing risk, and the company's management of capital.

35.01 Credit risk

Credit risk is the risk of a financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the company's receivables.

The company's exposure to credit risk is influenced mainly by the individual characteristics of the customers. Receivables are normally paid within very short time from when they are invoiced and credit risk from these receivables is very minimal.

The company generally does not sell goods other than Export L/C confirmed by concerned banks being a deemed exporter.

The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the balance sheet.

(a) Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

	30-06-2022 Amount in Taka	30-06-2021 Amount in Taka
Trade receivables	912,134,648	661,772,505
Intercompany receivables	196,838,441	252,972,353
	1,108,973,089	914,744,858

Intercompany receivable is also through L/C confirmed by respective Banks.

(b) Ageing of receivables

The ageing of trade receivables and intercompany receivables at the end of the reporting period were:

Invoiced 61 days and above	140,939,562	162,521,847
	196,838,441	252,972,353

The company's export L/C is made for 04 months credit period.

35.02 Liquidity risk

Liquidity risk is the risk that the company will not be able to meet its financial obligations as they fall due. The company's approach to managing liquidity (cash and cash equivalents) is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the company's reputation. Typically, the company ensures that it has sufficient cash and cash equivalents to meet expected operational expenses, including financial obligations through preparation of the cash flow forecast, prepared based on time line of payment of the financial obligation and accordingly arrange for sufficient liquidity/fund to make the expected payment within due date. Moreover, the company seeks to maintain short term lines of credit with scheduled commercial banks to ensure payment of obligations in the event that there is insufficient cash to make the required payment. The requirement is determined in advance through cash flow projections and credit lines with banks are negotiated accordingly.

35.03 Market risk

Market risk is the risk that any change in market prices, such as foreign exchange rates and interest rates will affect the company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters. As stated earlier, 100% of the company's sales revenue and substantial part of payments are denominated in USD, creating natural hedge in foreign exchange risk exposure.

Particulars	Amount (BDT)
Value of import:-	
Raw materials	927,361,925
Spare parts	22,893,996
Foreign travel for company's business	13,578,417

36 Capacity utilisation

Particulars	Unit	Installed Capacity	Utilisation during the period	% of Utilisation	Over/(Under) utilisation
*Woven Fabric	Yards	21,600,000	21,113,094	97.75%	(486,906)
*Gray Fabric	Yards	9,878,000	9,720,696	98.41%	(157,304)
Yarn Dye	Kgs.	1,368,750	1,065,727	77.86%	(303,023)

*Production Capacity for 2 shifts.

37 Payments/ perquisites to directors/officers

No director gets any remuneration from the company other than Managing Director Mr. Abdullah Al-Mahmud. The amount of his remuneration is Tk. 900,000 for one year. The number of staff and their drawing criteria mentioned below:

	30-06-2022	30-06-2021
Number of staff drawing Tk 36,000 and above per year	1,366	1,274
Number of staff drawing below Tk 36,000 per year	-	-
Total number of staff	1,366	1,274

38 Post balance sheet events

The Board of Directors of the company in its meeting dated 27-10-2022 recommended 5% cash dividend for general shareholders only for the year 2021-2022.

39 Status of tax assessment

Tax assessment of the company has been completed up to the Assessment Year 2020-2021.

40 General

- i. Figures in the notes and annexed financial statements have been rounded off to the nearest taka.
- ii. These notes form an integral part of the annexed financial statements and accordingly are to be read in conjunction therewith.
- iii. Revenue has increased significantly in this year for easing the impact of Covid-19 pandemic. Profitability during this year has enhanced accordingly that has affected EPS, NAV and NOCFPS positively. Due to severe impact of Covid 19, the prior year's sales was low.
- iv). Figures relating to the previous year included in this report have been rearranged, wherever considered necessary, to make them comparable with those of the current year without, however, creating any impact on the operating result and value of assets and liabilities as reported in the financial statement for the current year.
- v) Reconciliation of net income with cashflows from operating activities:

	2021-2022 Amount in Taka	2020-2021 Amount in Taka
Cash flows from operating activities		
Net profit :	60,939,474	(160,269,529)
Add: depreciation	115,613,239	121,243,184
Total	176,552,713	(39,026,345)
Changes in non cash item and others	(110,525,913)	67,007,120
Net cash flow from operating activities	66,026,800	27,980,775
vi) Net operating cash flow per share		
Net cash flows from operating activities	66,026,800	27,980,775
Number of share	91,057,312	91,057,312
	0.73	0.31
